Gladiolus Growers For 48 Years

FALL 1954 — SPRING 1955

Gladiolus Bulbs

For the 48th year we have finished digging a fine crop of bulbs, nearly 7,000 bushels this year.

Plenty of rain during our growing season helped us grow an extra fine crop of large bulbs.

All of our bulbs and bulbets are treated with improved ceresan before planting, sprayed with 50% Wettable D.D.T. during the growing season and our warehouse and all of our bulbs were fumigated by a licensed fumigator under the supervision of our State Nursery Inspection Department November 5th.

Our bulbs are all hand dug, cleaned and graded and only clean, healthy, first quality, bulbs, free of disease and thrip, are ever shipped out but because we have no control over conditions after the bulbs leave our hands, we give no warranty, expressed or implied, as to productiveness or any other matter of any bulbs we sell and will not be responsible for the crop.

All quotations are F. O. B. Winona, Minnesota and subject to prior sale and change without notice. We make no charge for packing and do not consider orders for less than 25 of one size of any variety or less than \$5.00 as a wholesale order.

Express shipments can be made all winter except in subzero weather.

Add postage on small orders if wanted by parcel post.

ASK FOR SPECIAL QUOTATION ON LARGE LOTS.

NO ORDERS ACCEPTED AT THESE PRICES FOR LESS THAN \$5.00.

5% DISCOUNT ON ALL CASH ORDERS OVER \$10.00.

WE DO NOT SELL GLADS RETAIL
